WILL INCREASE ELECTION COST

More Precincts Needed If Women Are to Vote

Election returns so far indicate that a majority of the voters of Michigan voted "yes" on the amendment for equal suffrage, giving women the right to vote. It is interesting in this connection to estimate the probable effect of woman suffrage locally.

Conservative estimates indicate that it will be necessary in Calumet to establish at least nine new voting precincts, the cost of maintaining each of which is about \$125 for each election, this including the salaries paid to the election officials. It would easily be seen that the cost of conducting elections would be increased from about \$1,600 at present to about \$2,725. It is reasonable to assume that at least half as many women would exercise the right of franchise as there are male voters at present and Calumet's voting strength would be increased from about 4,500 at present to almost 7,000. Naturally the increased vote would mean more difficulty in compiling and receiving the returns.

Calumet cast a record vote Tuesday. Of the 4,537 voters registered, 4,410 cast their ballots. Only 127 because of sickness or absence from town or some other reason neglected to vote. The following figures show the vote in the different precincts: No. 1, 424; No. 2, 284; No. 3, 284; No. 4, 230; No. 5, 251; No. 6, 258; No. 7, 210; No. 8, 213; No. 9, 405; No. 10, 463; No. 11, 543; No. 12, 405; No. 13, 100.

As the law provides that a precinct may be divided as soon as there are 200 voters, it will be seen that the board will find it necessary to divide all, but Nos. 2, 3, 8 and 13 precincts when the women suffrage amendment to the constitution goes in effect.

JOHN CROWLEY, PIONEER OF CALUMET, DIES SUDDENLY

SUCCUMBS TO HEART FAILURE
EARLY TODAY, BEING ILL
ONLY FEW MINUTES.

John Crowley, aged about 77, a pioneer of Calumet, died at the family residence, corner of Seventh and Portland streets, early this morning, after a few minutes' illness, heart trouble being the cause. The decedent went to bed apparently in his usual health last evening. Members of the family were awakened early this morning because of the change in his condition, and he passed away in a few minutes.

He is survived by his wife and the following children: Con Sullivan of Escanaba, Mrs. Margaret Daniels of Pine street and John, Timothy and Mike of Calumet. Arrangements for the funeral will be completed on the arrival of Con, from Escanaba, who is expected here tomorrow.

The late Mr. Crowley was born in County Cork, Ireland, where he received his schooling. He came to the copper country about 46 years ago, entering the employ of the C. & H. Mining company. Later he worked for the Tamarack Mining company. About nine years ago he entered the employ of Red Jacket village, under the supervision of Capt. J. P. D. Smith, sewer inspector. He was well and favorably known, and the news of his demise will be sincerely regretted.

CARD OF THANKS.

I desire to thank the voters of Houghton County for the support they accorded me at the polls on election day. I also wish to thank my friends who worked for me so faithfully during the campaign.

CONVENTION OF WOMEN'S FOREIGN MISSION SOCIETY

WILL BE HELD AT CALUMET M. E. CHURCH NEXT TUESDAY AND WEDNESDAY.

A two days' convention of the Women's Foreign Mission society of the Houghton district, will be held in the Calumet M. E. church, Tuesday and Wednesday of next week. The sessions will open Tuesday afternoon and close Wednesday afternoon.

Rev. W. E. Marvin, district superintendent, will be in attendance and will open the convention. Mrs. E. A. Thompson of Detroit, corresponding secretary of the conference society, has consented to be present, and will give entertaining talks, as will Miss Bertha Creek, recently returned from missionary work in India.

Representatives from the different foreign missionary societies representative of the M. E. churches of Houghton county will attend in large numbers. The convention promises to be both entertaining and instructive, and it is expected that as a result much good will accrue to foreign missionary work as far as this county is concerned.

An excellent program for the two days' convention is being prepared, and will be published in detail in these columns the latter part of the week.

MUSICAL NUMBERS NEXT OF THE LYCEUM COURSE

ORPHEAN MUSICAL CLUB TO BE BROUGHT HERE TUESDAY, DEC. 10.

The next attraction of the Y. M. C. A. lyceum course will be musical attractions. The Orphean Musical club on Tuesday evening, Dec. 10 and the Mendelssohn Trio and John Eberly on Feb. 2. Since the lecture by Sylvester A. Long, which opened this year's lyceum course about one week ago, there has been a bigger demand for the season tickets and it is expected before the next attraction several hundred will have been disposed of. The season or club tickets make the attractions of the lyceum course much more reasonable for the holders, as reserved seats may be had for a minimum charge. As musical offerings are much more popular in Calumet than lectures and literary numbers, it is expected the next two attractions will draw capacity houses.

The Orphean Musical club is one of the best known organizations of its kind in the country having been engaged in lyceum work for seven years. The club is composed of four young men, versatile musical artists and vocalists.

The dates of other lyceum course attractions are as follows:
Orpheans—Dec. 10.
Mendelssohn Trio—Feb. 2.
Sarah Mildred Willmer—March 3.
Dr. E. A. Steiner—March 13.
Benjamin Chapin—April—.

IS POSTPONED FOR ONE WEEK

Annual Meeting of Calumet Associated Charities

The annual meeting of the directors and members of the Calumet Associated Charities, which was to have been held last evening, was postponed for one week. Reports of the various officers will be presented and new officers chosen.

The report of the secretary, Miss Clarice Jones, for the month of October, shows that seventy-eight cases were given attention during the month of which thirteen are now, seven widows, one deserted woman, four married couples and one single woman. Material relief, including groceries, clothing from the shelves, shoes and rubbers and fuel was extended. Some of the fuel was provided from the county poor fund.

Some difficulty is being experienced in securing employment for the poor people who are able to work. Many of the cases including those of a number of women, might be relieved if it were possible to secure work for them. Some women are able to work through the entire day; others for a stated time and some could do work in their own homes during spare time, if the opportunity was provided.

Temporary employment was secured in seven cases last month and permanent employment in two cases. The secretary made sixty-five visits of inspection.

KECKONEN WILL ACCEPT SEAT HE JUST VACATED

APPOINTMENT BY PRESIDENT
SCHUMAKER APPROVED BY
THE COUNCIL.

The Red Jacket council, at its regular November meeting last evening, approved the appointment of Oscar J. Keckonen, to succeed himself as a member of the council. The appointment will be effective until the next village election. Mr. Keckonen stated today he would accept the appointment and return to the council.

Mr. Keckonen's resignation was influenced, it is believed, by his desire to bid for the property located on Fifth street recently sold at auction, which he could not do if a member of the board. His reappointment and agreement to return to the council are very gratifying to the taxpayers of the village, for he is known to be one of the hardest workers on that body and is thoroughly familiar with the needs of the village.

The council last evening, in addition to disposing of the routine business, decided to continue the stringent measures adopted some time ago in connection with the collection of delinquent water taxes. Meter Inspector Joe Carro was ordered to shut off the lake water from all delinquent consumers. It was also decided that hereafter the water accounts would be collected every three months instead of every six months. It is believed this decision will have a good effect in reducing the number of delinquents. In Laurium and several other villages of the county, the water accounts are collected every quarter.

Scenes of idyllic beauty will be presented by Lyman H. Howe at the Calumet theater, Saturday and Sunday, during a delightful pictorial tour on some of the quaint rivers of France. The views are remarkable not merely because of their infinite variety, but still more so since they are reproduced in the myriad hues and tints of nature. The subtle delicacy of nature's own colors is shown so accurately that the views seem scarcely short of miraculous. The same may be said of the scenes of historic Versailles and "In and Around Paris."

Whaling, the Furl of the Maine, the bee industry, a thrilling race between a hydroplane and an 800 horse power motor boat in the harbor of Monaco and an exciting adventure with a ferocious lion are only a few of the other features on a program that is entirely new, exceeding only that amazing botanical study entitled "The Birth of Flowers," which Mr. Howe will present again in response to popular demand.

The songs you love to hear—The songs which appeal to all—Carr Jacobs-Bond will sing them Tuesday, November 19, Calumet Theatre, advertisement.
